A Fun-Filled LEGO Experience at SQ Rés with Komunitas Lego Indonesia

SQ Rés recently hosted an exciting event in collaboration with Komunitas Lego Indonesia (KLI), bringing together residents and LEGO enthusiasts for an afternoon of creativity and connection.

Starting at 2 PM in our Multi-Function Hall, participants dove straight into assembling the newly released LEGO Icons Tudor Corner—an intricate set that sparked joy and teamwork among everyone involved. SQ Rés residents were invited to join in the fun, and the room was filled with laughter as each person took turns contributing to the masterpiece.

Beyond the Tudor Corner, KLI also showcased an impressive collection of LEGO creations, including Superman, flip-flops, motorcycles, bushels, and even KLI’s signature letters—a testament to the endless creativity of the community.

As the sun set, the event transitioned into a warm and welcoming iftar gathering. Guests enjoyed a delicious buffet spread featuring crispy risol, savory empal, sweet honey banana, and a selection of refreshing drinks—the perfect way to end an unforgettable day.

At SQ Rés, we don’t just offer a place to live—we create a vibrant community where residents can enjoy unique and engaging activities all year round. Don’t miss out on the lifestyle you deserve. Find your dream unit today!
